

TPCDT supports smart class education system for school teachers in Dherand and Shahapur, Maharashtra

- Dehrand, September 08, 2016

Tata Power Community Development Trust (TPCDT), has always been working towards providing quality education for the students living around its operational areas. In line with this commitment, TPCDT supported digital education system for school teachers in Dherand and Shahapur, Maharashtra under the theme of 'Quality education for all'.

The objective of this initiative was to provide quality training for the teachers in the village which will assist the teachers in building strong conceptual understanding of the students. A total of 15 teachers participated in the training session, which will indirectly benefit 280 students. The program will also aid in inculcating basic concepts amongst students in an effective way, and increase the engagement levels of the classes.

Speaking on the initiative, **Mr. Ashok Sethi, COO and Executive Director, Tata Power**, said, *"We at Tata Power are committed to improving the standard of education of the schools around our operational areas. This initiative will enable the teachers to make learning more interactive and interesting. We firmly believe that education is the best way of bringing about holistic change in society. We will continue to support such initiative which are devised to provide quality life"*.

The training session was undertaken at Adarsh Vidyamandir High school, Shahapur.
